

VIDEO SURVEILLANCE AND ELECTRONIC MONITORING

The Board of Education authorizes the use of video surveillance and electronic monitoring equipment at various school sites throughout the District and on school buses. The District Administrator is responsible for determining where to install and operate fixed-location video surveillance/electronic monitoring equipment in the District. The determination of where and when to use video surveillance/electronic monitoring equipment will be made in a nondiscriminatory manner. Video surveillance/electronic monitoring equipment may be placed in common areas in school buildings (e.g. school hallways, entryways, the front office where students, employees and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries), the school parking lots and other outside areas, and in school buses. Except in extraordinary circumstances and with the written authorization of the District Administrator, video surveillance/electronic monitoring equipment shall not be used in areas where persons have a reasonable expectation of privacy (e.g. restrooms, locker rooms, changing areas, private offices (unless there is express consent given by the office occupant), or conference/meeting rooms), or in individual classrooms during instructional times.

Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action. Any information obtained from video surveillance/electronic monitoring systems may only be used to support the orderly operation of the School District's schools and facilities, and for law enforcement purposes, and not for any other purposes. As such, recordings obtained through the use of video surveillance/electronic monitoring equipment may be used as evidence in any disciplinary proceedings, administrative proceeding or criminal proceeding, subject to Board policy and regulations. Further, such recordings may become a part of a student's education record or staff member's personnel file.

The Board will not use video surveillance/electronic monitoring equipment to obtain information for the purpose of routine staff appraisal/evaluation or monitoring.

Recordings of students will be treated as confidential. Consequently, because the Board is bound by Wisconsin Pupil Records Statute and the Family Educational Rights and Privacy Act (FERPA), copies of video recordings containing personal identifiable information about students shall not be released except to school officials with legitimate educational interests. Parents or guardians of minor students, and students who are eighteen (18) years of age or older, who are charged with disciplinary violations may view relevant portions of any video recording related to the charge, upon written request to the building principal, provided that viewing the recording does not violate State and/or Federal law (i.e. the privacy rights of any other students whose images appear on the recording). Likewise, school personnel may view relevant portions of any video relating to any disciplinary charge against them, upon written request to the building principal, provided that viewing the recording does not violate State and/or Federal law (i.e. the privacy rights of any students whose images appear on the recordings). Otherwise, such confidential recordings shall only be released through subpoena or court order. The complete policy is available on the district website: <http://www.neola.com/clintoncomm-wi/>
