**MONDAY
NOVEMBER 5**
6:30 - 8:30 PM
Clinton Middle School
Cafeteria

All Clinton Community School District residents are invited to join the facilities planning process in these interactive workshops. Workshop participants will assist the Board of Education in creating the best solution for our facilities challenges.

IN THE WORKSHOPS YOU WILL HAVE THE CHANCE TO:

Review the district-wide facilities assessment and challenges with our CCSD facilities.

Explore potential solutions to address our challenges.

Share your thoughts with the Board of Education regarding the estimated project costs, potential solutions, and tax impact that will best serve the needs of our students.
